Quake Ruin Still Mounts

Report Panic, Fear Grip Survivors

Quito, Ecuador, Aug. 9.—(AP)—Fear and panic gripped survivors as damage continued to mount in the earthquake-stricken Patate valley today.

Quito observatory reported a new shock last night and said it probably was rather strong in the ravaged area south of this capital.

Marauding Indians of the Salasaca tribe attacked relief columns working toward the stricken area yesterday, government officials said, but were beaten off.

Rumblings Terrify People

The severe tremors Friday night virtually destroyed Ambato, Pelileo and other towns and badly damaged 50 villages. The appearance of new sulphurous springs and crevices, the continuing collapse of hillsides and strange underground rumblings accompanied by surface movements has alarmed survivors.

The destruction of still another town, Quero, 15 miles from Ambato in Tungurahua province, and the nearby village of Pallitza, was reported today by survivors escaping from the area.

Eyewitnesses said a 1,000-foot hill was split in two by the shock at Quero, and Pallitza was swallowed up. Entire houses and fields, with farm hands and agricultural implements, disappeared in the upheaval.

10 Lost At Quero

The survivors were so shaken by the experience that they could not give a clear account of the happenings. They said only about 10 lives were lost at Quero, a town of 2,500 people. The first tremor was light and gave warning to the inhabitants to flee their houses. Not a house remained standing.

They said groups of workers attempting to restore the highway to Pelileo were buried in a huge landslide.

Estimates of the devastation mounted as it became clear that farms, too, had suffered heavy damage. Hundreds of farms, large and small, have been damaged or ruined by crevices and floods.

Patate is surrounded by a quake-made lake. Landslides caused it by blocking the Patate river.

Cleaning Way To Town
Army engineers were slowly clearing the way to the town, while pilots maneuvered planes through a narrow canyon to take in supplies.

The road between Banos and Pelileo in the center of the quake area was wiped out by landslides for 15 miles, leaving an emergency airlift as the only means of supply.

Eyewitnesses from the area said they did not believe the death toll ever would be known definitely. Estimates have ranged up to 6,000 though the most reliable have stopped at 4,000.

President Galo Plaza Lasso has estimated the damage at \$20,000,000 in the rich industrial and agricultural area, though he has stated this was a moderate figure.

Meanwhile, troops and police in the valley were ordered to fire on looters without questions. The cabinet ordered a special cavalry detachment to Pelileo to control the Salasaca Indians who threatened to pillage ruined areas.

A member of a medical brigade, reaching Guayaquil after three days in Pelileo where he treated injured, said little had been done to clear away debris because of the lack of heavy earthmoving machinery.

The cries of trapped men, women and children could still be heard in the ruins, he said, and relatives were helpless to give aid except to pass food and water to some through crevices.

Says Rutledge Will Not Get Freedom For Many Years

Fort Madison, Ia., Aug. 9.—(AP)—Dr. Robert C. Rutledge, Jr. will have to serve a considerable portion of his 70-year sentence in the state penitentiary before he can expect today.

However, under the board's routine the 28-year-old St. Louis baby specialist will be eligible for an interview next February, board Chairman V. E. Jackson said.

Dr. Rutledge was sentenced by District Judge J. E. Heiserman at Cedar Rapids yesterday for the hotel room slaying there last December of Byron C. Hattman, St. Louis aircraft engineer. He reached the penitentiary here three hours later.

A jury convicted Rutledge of second degree murder last May. The defense contended Hattman seduced the doctor's wife, Sydney, 22.

Meanwhile, Jackson said Dr. Rutledge has been a model prisoner thus far. He is being treated "just like any other prisoner," Jackson added.

Commerce Dept. Reports Rise In Personal Incomes

Washington, Aug. 9.—(AP)—Personal incomes, the mainspring of consumer buying power, increased in June, the Commerce department reported today.

The rise helped push such incomes for the first six months of 1949 to a level 2.6 per cent higher than the first half of boom time 1948.

The report estimated that the flow of personal income from all sources reached an annual rate of \$213,500,000,000 in June. (This figure was arrived at by taking income for June, adjusting it for seasonal factors, and multiplying by 12.) For the period January through June, 1949, the annual rate was \$213,400,000,000.

A study of the Commerce department figures showed that the upturn had been going on for three months, April through June, and that the gain accelerated as it continued.

An increase in farm income was cited by the department as the main cause of the June increase in personal income as compared to May, for which the annual rate was \$212,900,000,000. Farm income went up, the department said, because of an increased volume of crops sold or placed under government loan.

State Puts Teeth In Law Permitting Taxing By Counties

Springfield, Ill., Aug. 9.—(AP)—Teeth were put today into the law empowering Illinois counties to license tourist courts and amusement enterprises outside city limits.

A \$200 fine for violators is provided in a bill signed into law by Governor Stevenson. Previously there was no penalty.

Legislative supporters said the law is needed by some counties to make their regulations stick.

The governor vetoed a bill to limit the number of apprentice barbers to one a shop. The present restriction is one apprentice for each registered barber.

Stevenson cited an opinion by the attorney general that the legislation would discriminate against proprietors of bigger shops and invade their personal and property rights without sufficient reason.

Other bills signed today included those to:

Make Labor Day an annual school holiday which country and small town schools must observe in addition to city schools now closing classes on Labor Day.

Permit counties over 100,000 population to set up a permanent index number system for listing property for assessment and tax collection purposes.

5-Year U.S. Plan To Help Hospitals Passed By Senate

Washington, Aug. 9.—(AP)—The five-year federal program to help states build hospitals and health centers would be expanded and extended under a bill passed by the Senate today and sent to the House.

Senator Hill (D-Ala.) introduced the bill for himself and 13 other senators.

Under present law congress provides \$75,000,000 a year for five years ending June 30, 1951. The federal government pays a third of a project's cost, the state and local governments the remainder.

The new bill would authorize an annual appropriation of \$150,000,000 yearly starting with the present fiscal year and ending with the year terminating June 30, 1955.

It also would set up a new matching formula under which states could receive aid up to two thirds of the cost of a project. In general, states with the lowest per capita incomes would receive the largest federal contributions.

UNDERTAKER DIES

Chicago, Aug. 9.—(AP)—A veteran undertaker collapsed and died in the County Morgue today where he had come to claim a body.

He was Louis Cohn, 63, a Chicago undertaker for 45 years.

Death was attributed to heart disease.

Snyder Asks Solons Use U.S. Money To Develop World

Washington, Aug. 9.—(AP)—Secretary of the Treasury Snyder asked congress today to help put President Truman's "point four" into operation by guaranteeing U.S. investments abroad against unusual risks.

"Point four" of Mr. Truman's inaugural address last January called for helping undeveloped areas throughout the world increase their productivity and standard of living.

Private capital would be relied upon for a large share of the funds for the development.

Snyder testified to the senate banking committee. He stressed that the guarantees, which he said should be handled by the government-owned export-import bank, would not undertake to assure profits to those who invest abroad.

Instead, U.S. investors would only be protected against what he called "risks peculiar to foreign investment."

One of the principal risks, he said, was the inability of investors to convert their earnings in foreign currencies into U.S. dollars. He advocated giving the export-import

NEW YORK HAS RECORD HEAT FOR AUGUST 9

New York, Aug. 9.—(AP)—The mercury boiled up to a record-melting 97.6 today and New York's crowded millions suffered.

It was the hottest Aug. 9 on record. The peak came at 1:25 p.m. (CST) and topped by 2.6 degrees the previous mark, 95 degrees, set on the same date in 1900.

Many stores closed early because of the heat and thousands of city employees were allowed to leave their offices in early afternoon.

Report Ford Plant Workers Flock To Strike Vote Polls

Detroit, Aug. 9.—(AP)—Ford workers thronging the polls under a sweltering sun sent the strike vote tally soaring over 50,000 today.

The state labor mediation board reported that a mid-afternoon count revealed that some 49,000 had voted at Detroit plants. There was no count of voters at a number of small plants where elections are under way in other parts of the state.

The state is conducting the poll to determine whether a majority of Ford Motor Co. employees favor a strike. This is required by state law to make a strike legal.

The election was called at the request of the CIO United Auto Workers, who represent 80,000 Michigan Ford workers.

Tabulation of votes will begin tomorrow after polls close at 8 p.m. (EST.) Results are expected Thursday.

Chief goals of the union this year are \$100 monthly pensions, health benefits and a cost-of-living wage increase.

Defendant Pleads Illness To Delay Trial Of Top Reds

New York, Aug. 9.—(AP)—A defendant twice pleaded illness today, delaying the communist conspiracy trial.

Harry Winston, a negro, complained that his heart was bothering him during testimony by Robert C. Thompson, New York state chairman of the Communist party.

Federal Judge Harold R. Medina adjourned the morning session and had Winston examined by a U. S. public health service physician.

The doctor reported there was nothing seriously wrong with the defendant and the trial resumed in the afternoon, over defense protests.

Again Winston said he was ill and Medina ordered a half-hour recess so he could rest.

Winston is one of three defendants committed to jail by Medina on contempt charges. He is jailed for the duration of the trial between court sessions.

State Health Dept. Speeds Making Of Paralysis Serum

Chicago, Aug. 9.—(AP)—The State Health department said today it is speeding the manufacture of polio convalescent serum to bolster a diminishing reserve supply.

The pace of blood-taking from donors was speeded up at the DePaul polio clinic at St. Luke's hospital. In addition, doctors are to be sent to Rockford and other cities to obtain blood from persons who have had the disease within the last five years.

Dr. Howard Shaughnessy, chief of the state laboratories here, said the serum supply is nearing the minimum reserve of 400 units. He said 104 units were distributed on emergency order during the past 10 days. He said 20 units were rushed to Galesburg Saturday and that Champaign asked for as many as possible yesterday.

Other risks he mentioned were the possible seizure of the investors' property by a foreign government without adequate and prompt compensation; and destruction of property due to war.

In effect, the treasury chief said the proposal to offer the guarantees would be an extension of the Marshall plan for European recovery. As in the Marshall plan, he said, the foreign countries themselves would have major responsibilities. It would be up to them, he said, to do everything possible to clear the way for an inflow of private U.S. capital into their lands.

Although recent U.S. investments abroad have been very large—\$660,000,000 in 1947 and \$800,000,000 last year—Snyder said they had been concentrated geographically in Venezuela, Canada and the near East, and for the most part concerned oil.

"There is need for investments in other countries and other industries," he asserted.

A major address by Hoover will cap the program. His speech, "Think of the next generation," will be broadcast by the four national networks. It will start at 7 p.m. C.S.T.

Would Spread Funds Over Longer Period

Washington, Aug. 9.—(AP)—Senator Vandenberg (R-Mich.) came up today with an idea which he said would spread the cost of President Truman's \$1,450,000,000 foreign arms program over a longer period and make it easier to obtain action at this session of Congress.

Secretary of Defense Johnson and some Democratic senators indicated the administration would assent to Vandenberg's proposal, although not enthusiastic about it. The state department had no comment.

Vandenberg proposed that the \$1,450,000,000 of cash which Mr. Truman has asked to arm western European allies be cut in half, and that the government be authorized to enter into contracts covering the remainder of this big item. Congress would have to appropriate money to pay such contracts eventually, but not at this session.

Secretary of Defense Johnson showed no enthusiasm for the senator's proposal. But he said if the amounts of cash and contract authorizations are balanced properly, it "would get the job done as well as if we received the full amount in cash." And he said also under questioning that the idea "would not delay results of the arms program."

Vandenberg told reporters the fact that his plan would take nearly \$600,000,000 in cash out of the arms bill should make it easier to get a program through congress at this session. Senator Dulles (NY), another republican supporter of the bi-partisan foreign policy, said he would go along with the idea.

Another senator, who did not want to be quoted by name, said the Vandenberg proposal reminded him of a husband who refused to give his wife \$20 in cash for a new hat—but told her to go to the store and charge it.

Would Not Reduce Spending
The Vandenberg plan would not reduce the \$1,450,000,000 total which would be authorized by the administration's bill. It would not disturb the cash provided to arm Korea, the Philippines, Greece and Turkey, where the administration has proposed one-year programs. But it would slash the cash for arming western Europe, where a program of four or five years is contemplated, and substitute contract authorizations and for the money withheld.

Another proposal to cut the president's program drastically was advanced by the House foreign affairs committee by Rep. Vorys (R-Ohio), a fair's committee.

He proposed that the plan adopted at this session of congress be limited to \$300,000,000 in cash and about the same amount of old or new arms. He suggested also that these outlays be limited to a period of six months.

Chicago, Aug. 9.—(AP)—The shortage of qualified school teachers still is acute, the Council of State Governments said today.

More than 40 per cent of the nation's 753,833 elementary and secondary school teachers lack college degrees. Of this group, 3.2 per cent have had no college preparation.

These figures were released in a council study entitled the forty-eight state school systems.

California teachers rank highest on qualifications. Fifty-two per cent hold masters' or higher degrees.

The study also showed that California pays its teachers best—an average of \$3,500 in the 1947-48 school year. New York ranked second at \$3,450.

Teachers salaries have increased sharply in the last 10 years, the report said, but have not kept pace with income gains of many other groups.

Both father and son are in "fairly good condition," doctors said.

Polio Quarantine In Capital Does Not Stop Disease

Springfield, Ill., Aug. 9.—(AP)—This city passed the second week of its polio quarantine today without any sign of the disease letting up.

One new case today raised the total number for Springfield to 41 with seven deaths. Twenty-four of the cases have occurred since city officials quarantined children under 16 to their own homes.

For the entire state, 41 new cases were added today and brought the total this year to 685. Only 23 of the 102 counties have escaped the disease.

The state health department has recorded 40 polio deaths but the unofficial toll is 46.

Springfield city officials declined to comment on when the quarantine will be lifted. They denied persistent reports it will be removed in a few days.

Meanwhile, an Illinois State Fair official said a national group of health officers has backed up a decision to proceed with the fair which opens here Friday and runs 10 days.

Henry J. White, fair manager, said a recent national polio conference recommended against closing fairs, circuses and other places of amusement that are properly operated.

ELECTROCUTED WHEN HE INSERTS PLUG

Kankakee, Ill., Aug. 8.—(AP)—John Sage, 32, was electrocuted today when he inserted a plug into a socket while his hands were wet.

Sage, an employee of the Florence Stove company, had been washing down machines with a hose. Afterward he inserted the plug into a 440 volt current. An inhalator squad from the fire department attempted to revive him, but was unsuccessful.

HOW FAR SHOULD UNCLE SAM GO?

Representative Clare Hoffman, Michigan Republican, has added his voice to those in Congress who think the federal government is hogging the tax dollar, to the handicap of state and local governments.

This is an old cry, but it has been rising this year. Senator Bricker of Ohio has proposed a commission to investigate intergovernmental relations, with special emphasis on the role played by the fixing powers of the various levels of government.

Of course, some who broach the issue are not really concerned with a fine balance among the three levels. They are opposed to federal spending as such, regardless of its effect on other governments. It would be more honest for them simply to say so.

But we perceive basic merit in the idea of exploring the present relations among the federal, state and local governments. The amazing growth of the federal sphere since depression days has upset old patterns and produced a formless confusion that nearly defies analysis.

The Hoover Commission's studies on government reorganization represent a sincere effort to bring order into the sprawling federal household. It is already bearing fruit and promises to bear more.

Why not a similar commission to undertake a thoroughly objective appraisal of the interrelations of governments? The nation is entitled to have a clear understanding of the proper future roles of federal, state and local governments in the light of developments since 1932.

Is the strong trend toward centralization likely to suck all power out of state and local units? To what extent is the growth of federal activities a consequence of default by lower levels of government on their responsibilities? To what extent is that growth an improper and unwarranted invasion of state and local fields?

In other words, is the federal government stepping in at points where other governments could still handle their problems if allowed?

If it should prove true that the federal government is monopolizing tax sources, how did it happen and what ought to be done about it?

The future of government close to home and close to the people may hinge on the answers to questions like these. The country should have them.

Start Raising Fund For Spraying Alleys In Business District

Containers to receive voluntary contributions for spraying the business district in Jacksonville's clean-up campaign were placed in a dozen or more public places Tuesday. Jars bearing an appeal to the public to contribute to the spraying fund have been located in banks and numerous other business houses.

Carthage Chapter FHA Wins Plaque Given By Bankers

Carthage Chapter, Hancock makers of America was adjudged the County of the Illinois Future Home-owning Chapter in the State, for having carried out the best "all around" program of work during the past year, and was awarded, for permanent possession, the Illinois Bankers Association bronze plaque by Association President, Phillip L. Spiegel, President of the First National Bank, Lake Forest.

The presentation was made on annual awards night, one of the highlights of the program of the ninth annual Leadership Training Conference of the Illinois F.H.A. held at East Bay Camp, Lake Bloomington, Illinois, August 2-6.

The State is divided into 22 sections and awards of the Illinois Bankers Association "Chapter Activities Award" plaques, for one year's possession, were also made by Mr. Speidel. The outstanding Chapter of each section was selected by a committee of judges picked by State Sponsor, Ruth Schwartz of Media, from among the Honor Chapters of the section. Miniature bronze plaques, for permanent possession, were presented to the 22 sectional winners of last year. The names of their chapters as the 1948 winner are engraved on the traveling plaques.

The presentation of the Awards is part of a ten year program initiated by the committee on Agriculture of Illinois Bankers Association last year. Much credit for the success of the program goes to Florence Bobenbach, with the State Board for Vocational Education, Springfield, Illinois, who acts as advisor to F.H.A. in Illinois, and to Rena L. Hodgen, Chief Home Economics Education of the State Board.

Spraying of streets and alleys with DDT, particularly in the vicinity of places where food is handled, is scheduled for later this week. Funds contributed by the public will be used entirely for spraying materials, as all labor and equipment will be furnished by city departments.

The Morgan County Health Department and Chamber of Commerce are cooperating in the downtown spraying program. Jars were distributed to business houses by the Chamber of Commerce.

To Use Park Machine.
Spraying equipment belonging to the park board will be used to give streets and alleys a protective film of disinfectant. The work will be done by park employees, the fire and street departments.

The brook area and city dump were sprayed from the air Monday, the cost of which was paid by the Lions club.

A clean-up campaign to protect the city against polio and other epidemics has been in progress for a week. Hundreds of citizens have made special efforts to clean up their property and rid the community of places where flies, mosquitoes and other insects might thrive.

Class Will Hold Picnic At Springs

Carrollton—The members of the Golden Rule Group of the Methodist church are having a picnic supper Thursday evening at the City Springs. The newly elected officers of the group are Mrs. John Carter, president, John Byland, vice president and Mrs. Jacob Herring, secretary.

Sixty-six members of the Greene County Home Bureau and their friends will go to St. Louis Tuesday evening in a group to attend the Municipal Opera. They will see "Roberta."

Three minor lessons for the Greene County Home Bureau units will be given Friday afternoon, Aug. 12. Luther Black of the State Department of Education will give one lesson on the topic, "We Can Have Modern Rural Schools" and Mrs. S. F. Wehrly of Kane will give the other lessons. One lesson will be on Soaps and Detergents and the other on One Dish Meals.

CHANDLERVILLE BOY HONORED AT PARTY ON 12TH BIRTHDAY

Chandlerville—Mr. and Mrs. Orville Murphy entertained 17 guests at a recent party in their home, in honor of their son, Ray's twelfth birthday.

Refreshments of ice cream, cake, candy and pop were served. Mrs. Hershel Chilton entertained the following persons at a bridge party in her home in Beardstown: Mrs. Cecul Stone, Mrs. Edna Mae Gasper, Mrs. Raleigh Marr, Mrs. R. F. Harbison, Mrs. Robert Boense, Mrs. Elmer Lynn, Mrs. Laverne Shores and Mrs. Kenneth Wiseman. The Bath-Lynchburg Home Bureau unit will hold their annual picnic at Riverfront park in Havana, Wednesday, Aug. 10.

Make Donations To Seminary And Lutheran Home

Rev. W. V. Neuendorf spoke to the members of the Arenzville Trinity Lutheran church on the "Bible in the Home," at a meeting held in the church basement.

The society decided to make a donation to Concordia seminary in Springfield. Linens will also be sent to the Bethesda Lutheran Home, Watertown, Wis.

The remainder of the afternoon was employed in quilting.

Refreshments were served by Mrs. Esther Morrison, Mrs. Roy McCloud, and Mrs. Henry Musch. Mrs. Arthur Schleuter was a guest.

Driver Thrown Into Windshield

Jerseyville—Robert Dugan of this city suffered severe face and head injuries about midnight Sunday in an automobile accident near the Nelson Brothers plant on South State street. Police reported the accident occurred when the car driven by Dugan collided with the rear of another car.

Dugan was thrown against the windshield of his vehicle and suffered major lacerations about the forehead, chin and scalp. Jacoby Brothers ambulance was called to the scene of the accident and removed Dugan to the Alton Memorial hospital.

Nichols Park Pool Will Close Sunday

Sunday will be the last chance Jacksonville citizens will have to swim in Nichols park pool. Attendance at the pool dropped off to a point where it is now operating in the red, and park officials feel that it is unwise to continue operation after next Sunday.

This early closing will also give employees a two week vacation before opening of school this fall.

The drop in attendance is probably due to a combination of circumstances. Attendance normally drops off in August and this year the fear of polio has kept many youngsters away who normally would be using the pool.

Park Board officials feel, however, that there is little likelihood of any one contracting polio from swimming in the pool. Nichols Park pool has an "A" rating by the State Department of Public Health and the water is maintained at the same high standards of purity as set up for drinking water. Two million gallons of filtered and sterilized water enters the pool each 24 hours and a chlorine residual of from 3.10 to 5.10 parts per million is maintained in the water at all times.

Health officials say that this is sufficient to kill any bacteria that

Greene Co. IOOF Picnic, August 7

White Hall—The Greene county IOOF picnic was held Sunday, August 7, with a crowd estimated at 200 in attendance during the basket dinner and for the afternoon program.

Carrollton lodge was host for the picnic and Frank J. Martin, noble grand, was in charge of the program. The Roodhouse band presented several numbers; Mrs. Edith Farnbach, a member of the Rebekah lodge of Carrollton, but who resides in Jerseyville, sang several beautiful selections; Ralph Weatherford of Litchfield, presented a comic skit; and Past Grand Master B. E. Taylor of Collinsville, and Past Grand Master Elbert Brasel of Jacksonville both gave interesting talks.

The picnic is held annually the first Sunday in August and in 1950, the Roodhouse IOOF Lodge will be hosts, place to be announced and the presiding noble grand of that lodge in charge of affairs.

Questions And Answers ON Service To Veterans

(This is another in a series of questions and answers regarding the rights of ex-servicemen and their families, as answered by Keith C. Peabody, Veterans Employment Representative, Illinois State Employment Service, 211 East Morgan street. For further information, contact Mr. Peabody.)

Q. I would like to know of the Veterans Administration indorse publications which some veterans are not selling by house-to-house solicitation.

A. No. Any salesman claiming that the VA has formally approved a book or magazine for public sale are misrepresenting the facts and should be reported to the nearest VA office. There have been several recent attempts by magazine crews to promote sales by stating that the VA has indorsed their product. The VA does not indorse any product.

Q. I have a disability problem. I am a World War II veteran and have been awarded compensation for service-connected disability. However, I am not in agreement with the rating awarded by the VA. If I accept and cash the compensation

Hold 5th Family Reunion Recently

White Hall—The 5th annual reunion of the Monroe family was held Sunday, Aug. 7 in Lions park with 65 in attendance. A basket dinner was served at noon.

The oldest member present was Aunt Becky Fisher, 75 years of age, and the youngest member, Lena Bell Scott, 15 months old, both of Roodhouse. Guests present were from Roodhouse and Galesburg.

The first Sunday in August each year is the date set for this reunion, the 1950 reunion to be held at the Carrollton Fry park.

Officers elected for the ensuing year are president, Roy Pollard; vice president, Lenford Monroe; treasurer, Joyce Benner; and secretary, Helen Benner, all of Roodhouse.

LIVING STANDARDS FRET GERMAN STATE

Kiel, Germany.—(P)—The citizens of the west German state of Schleswig-Holstein complained that cabinet ministers were living too well.

When the state parliament discussed the matter, minister president, (governor) Hermann Leudemann rose and put two bottles of wine on the table. "I herewith invite all deputies who live more modestly than I for a bottle of wine in my one-and-a-half room apartment," he said. "I think two bottles are enough."

4-H CLUB ACTIVITIES

Vera Kay Fricke gave a talk on how to raise potatoes for exhibit, and Gwendolyn Tegerad and Melba Fricke gave a demonstration of artificial respiration at a meeting of the B & O 4-H club. Refreshments were served by Byron Gish and James Schlichting.

Announcement was made that softball practice will be held Aug. 11, and a business meeting will be held Aug. 19. The next regular program is scheduled for Sept. 7.

Victory Ag
Plans for the softball tournament at Mt. Sterling on Aug. 12 were made by members of the Victory Ag 4-H club at a meeting held at the Bethel grade school.

The pledge to the flag and the 4-H pledge were given. Refreshments were served by Jim Bonds, Betty McDonald and Byron and Dean Tiemann.

Twenty-six members were present.

PRISON GUARD SENTENCED

Muehlhausen.—(P)—The inmates of the Muehlhausen prison, in Soviet-occupied Thuringia, had a good time when Sergeant W. Pinter-nagel was in charge. He invited them for parties in his apartment, let two so-called economic saboteurs escape to Western Germany and granted leave to prisoners on his own authority. Now it's over. The provincial court sent the sergeant to jail for three and a half years.

Annual Picnic Held By Woodson Club

The annual picnic of the Woodson Household Science club was held Wednesday at the home of Mrs. Mildred Cully. A potluck luncheon was spread at 1 p.m.

Mrs. Mildred Craig discussed plans for the trip to the Trail Rangers camp. This trip will be held in September in conjunction with the Woodson Woman's club.

Mrs. Gladys Hembrough presided over a short business session. Mrs. George Riggs sent in her resignation from the club on account of ill health.

Penny bingo was played. Guests present included Mrs. Ben Morris and daughter, Mrs. Flynn and daughter and Mrs. Ida Megginson.

BID FROM MUSEUMS NET FREE PICTURES

London.—(P)—Six British museums bid \$168,000 for paintings by artist and poet William Blake at an art auction and then got them for nothing.

A secret clause in the will of the late Graham Robertson, London playwright who collected Blake's works, specified that "institutions serving the public should have free the works for which they were prepared to pay considerable sums."

The sale of Robertson's collection of paintings by the 19th Century artist brought a total of \$246,396. Those not taken by museums and art galleries were brought by private collectors.

Frank Merrill, Sr. Of Roodhouse Record Is Dead; Burial Thursday

Roodhouse—Frank Merrill, Sr., 76, who as a young publisher peddled a bicycle through Greene county, soliciting subscriptions and advertisements, died at 10 o'clock Monday night at his home here, ending a career of more than 50 years in the newspaper business.

Mr. Merrill was editor and co-owner of the Roodhouse Record, a weekly newspaper, in which he was associated with his son, Frank Merrill, Jr.

At the age of 18, when he published the Brighton News, he was known as the youngest editor in Illinois.

Mr. Merrill was born at Brighton, Ill., March 7, 1873, son of the late William C. and Augusta Smith Merrill. After graduation from Brighton high school he was employed with a Chicago newspaper for years, after which he returned to Brighton to edit the News.

Started Paper in 1898

His marriage with Miss Eva Short of Brighton took place Dec. 16, 1897. The next year the couple moved to Roodhouse where he established the Roodhouse daily and weekly Record. The daily publication was suspended after a few years, and all energy was directed into the weekly. The office at that time was on the second floor of the building now occupied by the Gamble store.

Mr. Merrill's early activities involved a struggle and hard work. He rode a bicycle to nearby towns and through the country, soliciting business for his newspaper.

He took pride throughout his life in publishing a conservative newspaper, which found its way into hundreds of homes in Greene county and elsewhere.

In 1902 Mr. Merrill became associated with the late W. A. Jolly, Sr., who became a member of the publishing firm. After Mr. Jolly's death in 1943 the Jolly family interests were purchased by Frank Merrill, Jr.

Mr. Merrill was presented with a 50 year jewel Nov. 24, 1944. He was a past master of E. M. Husted Lodge 796, A.F. & A.M., also holding membership in the Royal Arch Masons and Eastern Star.

During the many years the Roodhouse concert band was an active and popular organization, Mr. Merrill was one of its staunchest supporters. He played a clarinet in the band.

From 1930 to 1935 he rendered valuable assistance to the Roodhouse high school band, as advisor and instructor.

President of School Board

He was president of the grade school board several times; a member of the Methodist church, and secretary of the Fernwood cemetery board.

Mr. Merrill held membership in the Illinois Press Association 55 years.

Twirl At Missouri Fair

Three of Jacksonville High School's baton twirlers were guest performers at the Kahoka County Fair in the neighboring state of Missouri on Friday, August 5. Short notice, a fast trip and quickly learned new routine did not keep the local students from receiving even more than their share of attention while competing with paid professional entertainers. All three have completed their second summer season's course at Culver-Stockton College Drum Major School at Canton, Missouri. Pictured above (left to right) are Patsy Shannon, Barbara Stevens and Margaret Lou Lacey, members of the Jacksonville High School Band.

Mr. and Mrs. Merrill celebrated their golden wedding anniversary Dec. 16, 1947, with open house. Surviving are his wife; five chil-

dren, Ted Merrill, Greensboro, N. C., Miss Virginia Merrill and Mrs. C. O. Howe, both of Chicago; Frank Merrill, Jr., and Mrs. William H. Wolfe, both of Roodhouse; one sister, Mrs. S. P. Blodgett of Brighton. There are seven grandchildren.

One son, Attorney W. W. Merrill of Glencoe, Minn., died ten years ago.

The remains are at the Wolfe Memorial Home, where services will be held Thursday morning at 10 o'clock (Standard Time) with the Masonic Lodge in charge. Interment will be made in Fernwood cemetery.

Patricia Tuscher, Charles Hartman United At Church

In a candle light ceremony which took place August 4th at the Church of Our Saviour, Miss Patricia Tuscher, daughter of Mr. and Mrs. Fred Tuscher of Bluffs, became the bride of Charles Hartman, son of Mr. and Mrs. Frank Hartman of Carrollton.

The vows were received in double-ring rites performed by Rev. Father Morris at the altar banked with gladioli and candelabra.

Miss Betty Tuscher, sister of the bride, was maid of honor and bridesmaids were Miss Barbara Tuscher and Freida Hartman. The best man was Joe Hartman, brother of the bridegroom. Other attendants were James Hartman and John Steinacher. Ushers were Herb Hartman, and Robert Brammiller.

The bride was given in marriage by her father. Her gown was of white shadow organdy with fingertip veil of nylon net edged with nylon lace. As her only jewelry, the bride wore a triple strand of pearls, gift of the bridegroom. She carried an arm bouquet of white asters and a pearl rosary.

The gowns of the bridal attendants were of organdy, with the maid of honor wearing orchid and the bridesmaids wearing yellow and Nile green. The flower girls, Misses Roberta Tuscher and Mary Jo Hartman wore pale blue organdy frocks. Billy Jim Hartman served as ring-bearer.

The bride's mother wore a shadow sheer aqua dress with white accessories. The bridegroom's mother wore a black crepe dress. They both wore a white aster shoulder corsage.

A wedding breakfast was served at the country home of the bridegroom's parents and a reception from three to five was held on the lawn for the many friends of both families.

Following the reception the bride and groom left on a short wedding trip to the West. The bride chose a brown and white cord stripe suit with white accessories for traveling. On their return they will reside in Kampsville where their home is ready for occupancy.

Says Communists Spent Much Trying To Control Unions

Washington, Aug. 9.—(P)—A tale of lavish communist spending in an effort to win control of American labor unions was told to the House Un-American Activities committee today by a self-described former communist official.

The story told by Joseph Z. Kornfeiter of Detroit covered the period from 1919 to 1934, when he said he was a member of the communist party. His testimony made him out to be a very big wheel indeed in red international machinations.

He said that he was consulted by Moscow on some of the "subsidies" for labor union activities in the United States, and that such subsidies were "continuous" for activities in the maritime, mining and railroad fields.

"In addition to the subsidies for activities in certain industries, there was a general subsidy for the trade union league, then headed by William Z. Foster," Kornfeiter testified.

Meredosia Woman, G. E. Ruh, Expires

Meredosia—Greta Elizabeth Ruh passed away at 4:15 Monday at Our Saviour's hospital. Besides her father, William Schieffer of Meredosia, she leaves one daughter, Lorena Battlefeld of Meredosia; and one brother, Ed Schieffer also of Meredosia.

She was a member of St. John's Lutheran church. Her husband, Clarence, preceded her in death on March 26 of this year.

Funeral services will be held Thursday at 3 o'clock at the residence and at 3:30 at St. John's Lutheran church. Interment will be in Oakland cemetery, Rev. Herman Wennermark officiating.

Remains are at the Schaefer funeral home and will be taken to the residence Wednesday afternoon at 3:30.

3 Shaken When Car Leaves Road Near Winchester

Winchester—A 1941 Lincoln club coupe, occupied by Mr. and Mrs. Donald Dobbins and Miss Marilyn Green, of Los Angeles, Calif., left the pavement 8 miles west of Winchester Tuesday morning about 8:30, at the intersection of routes 36 and 100, struck and badly damaged a truck which was parked at the Gregory filling station, ran thru a fence and turned over.

The Dobbins car was badly damaged. The occupants were bruised and shaken but not seriously injured. They were brought to Dr. R. R. Jones in Winchester who treated all three. They remained in Winchester.

The car was pulled to Winchester to Campbell Bros. garage for storage.

Man Dives To His Death Through Window Of Train

Oconomowoc, Wis., Aug. 9.—(P)—A 29-year-old Indiana man plunged to his death today from a window of a speeding Milwaukee road train.

Coroner Alvin Johnson of Waukesha county identified the victim as Virgil Grabar of Logansport, Ind., and said the mishap took place as the Milwaukee road's Hiawatha passed through Neshotah, seven miles east of here.

Johnson said he had been informed that Grabar kicked a hole in the window of the lounge car, broke from four men who sought to restrain him and dove head first through the shattered glass.

Grabar apparently was traveling alone on the train which was enroute from Minneapolis to Milwaukee.

James Stewart, Gloria McLean Wed In Brentwood

Hollywood, Aug. 9.—(P)—Jimmy Stewart, Hollywood's longtime matrimonial holdout, succumbed today. The shy 41-year-old actor took divorcee Gloria Hatrick McLean, 31, as his bride.

The wedding was a small, informal affair in Brentwood Presbyterian church. The Rev. Dean Osterberg officiated. The actor played the role in typically shy style.

Jimmy was visibly nervous as he awaited his bride at the altar of the small church which he helped build.

He answered his vows with a barely audible, "I will." His bride spoke hers in a clear voice.

"I got a frog in my throat," Stewart said later.

The bride also nervous, came down the aisle on the arm of her brother-in-law, Gregg Draddy, Larchmont, N.Y., manufacturer. She wore a gray satin dress.

The pair faced an altar decorated with white and blue flowers.

Chandlerville Man Found Dead Mon.

Angus Steer Wins 4-H Grand Prize At Annual Exhibit Held Yesterday

A relatively small number of superior entries characterized the 1949 4-H fair held Tuesday at the Morgan county fairgrounds. There were about 200 separate entries, most of them in the swine division, but observers said the general quality of the projects shown was above average.

Farm Adviser E. H. Garlich, assisted by 4-H agriculture club leaders from all sections of the county, was in charge of the all-day show.

Edward L. Balsley Funeral Services Held Recently

Final rites for Edward L. Balsley of Galesburg were held Sunday at 2:00 p.m. at the Danner Funeral home in Winchester. Rev. Robert Snyder officiated.

David Cowick gave the funeral oration and Raymond Funk was the secretary. Mrs. S. G. Smith was at the organ.

Flower girls were: Mrs. Lucille Norris, Mrs. Edith Dugan, Mrs. Bea McMullen, Mrs. Lucille Coultas and Mrs. Isabelle Cowick.

Casket bearers: Fred Asquith, Rollin Wetherbee, Bert McLaughlin, Guss Gauges, T. J. Dugan and Pat O'Reilly.

Out of town friends were: Mrs. Frank Stott, Galesburg; Mr. and Mrs. Will Balsley, Galesburg; Mr. and Mrs. D. R. Albers, River Forest, Ill.; Mr. and Mrs. John Balsley, Calif.; Mr. and Mrs. Edmond Stott, Chicago; Miss Irma Morley, Mrs. Anna Welch, William Dietrich, Mr. and Mrs. Fred Asquith, Mr. and Mrs. Rollin Wetherbee and Bert McLaughlin all of Galesburg.

Demo Leaders Haul Out Platform To Aid Minimum Wage

Washington, Aug. 9.—(P)—House Democratic leaders hauled out the party's 1948 platform today as they sought to rally support for the administration bill to boost minimum wage levels from 40 cents to 75 cents an hour.

Rep. McCormack (D-Mass) spearheaded the drive, reminding Democratic members that such an increase was called for in last year's campaign pledges.

McCormack assailed as a "wage cutting bill" a substitute measure sponsored by Rep. Lucas (D-Tex.).

The Lucas measure would increase the wage floor to 65 cents and hook it up with the cost of living with provision for an annual adjustment—up or down according to the government's cost of living index. The bill also would cut out some workers now covered by existing legislation.

'Mad Man' Muntz, Used Car Dealer, Sued For Divorce

Chicago, Aug. 9.—(P)—Earl (Mad Man) Muntz, former Hollywood, Calif., used car dealer, was sued for divorce today.

Mrs. Diane E. Muntz, 21, blonde and pretty, alleged cruelty. She said in her superior court complaint that her husband, now in the television manufacturing business under his given name, Earl William Muntz, slapped her twice.

They were married at Las Vegas, Nev., May 27, 1948.

The complaint said the slaps occurred in their Edgewater Beach hotel apartment July 17 and August 7. After the second quarrel, she said, she moved to another hotel.

Her attorney, Myron H. Feldman, said that an out-of-court property settlement probably will be made.

Muntz was reported enroute here from St. Louis following a business conference there.

Hold Last Rites For Alice East

Funeral services for Mrs. Alice East were held at the Cody & Son Memorial home Tuesday afternoon at 2:30 o'clock with Rev. C. Frank Janssen, pastor of Northminster Presbyterian church officiating.

Organ music was furnished by Mrs. George Ferreira.

The floral offerings were cared for by Mrs. Charles Onnelas, Mrs. Anna Estaque, Mrs. Walter DeShara and Mrs. Clara Oliver, all members of the Gleason Sunday school class of Northminster church of which Mrs. East was a member.

The bearers were Everett Birdsall, Clifford DeFrates, Henry DeFrates, Thomas DeFrates, Leland Souza and Harold Twyford.

Burial was in the Eastview addition of Jacksonville cemetery.

RETURN HOME
Mrs. Fred Werneth, Jr. has returned home from Blessing hospital, Quincy after having virus pneumonia. Mrs. Werneth is the former Eugenia Barber of this city.

Damage Caused In Minor Collision On Public Square

The public square was the scene of a minor collision Tuesday evening. Richard DeFrates, 603 South Church, was going west on the north side of the square and crashed into a car driven by Malcolm Henderson of New Berlin when Mr. Henderson attempted to pull into a parking space.

Damage was sustained on the left front fender and steering mechanism of the DeFrates auto. His car had to be towed to the Brummett garage. Also, the right rear fender of Henderson's car was dented.

Russell Seivis, 503 South Fayette, was riding with Mr. DeFrates, and Mrs. Henderson and Daisy Shepherd of New Berlin were in the Henderson car.

There were no reported injuries. Officer Smith investigated the accident.
